SERVICES & PRICING

Translation Options

Explore our translation solutions with a choice of three options

Our **Premium Package** produces the highest level of quality, consistency, and fluency by utilizing a team of professional translators and bilingual editors who are highly skilled and qualified in both the source and target languages and offer an excellent understanding of the subject matter in your text. The translation then undergoes review by an in-house quality analyst. This package guarantees a polished style where stakes are high.

Our **Standard Package** offers reliable translations produced by our skilled professionals, carefully selected for their expertise. Each translation is then reviewed by an in-house quality analyst. This package provides a practical, cost-effective solution for a wide array of translation needs.

Our **ApexMT Package** combines Generative AI machine translation with limited editing by professional linguists. Ideal for clients prioritizing speed and cost savings without compromising usability, it's best suited for large content volumes but not recommended for high-stakes publications.

Legal Matters

Certifications

The certification is a separate document that is attached to the translation. It states that the document has been translated by an experienced and qualified professional translator and that, in our best judgment, the translated text truly reflects the content, meaning, and style of the original text and constitutes in every respect a correct and true translation of the original document. Electronic certifications are delivered by email with your completed translation. Hardcopy certifications, which are signed in ink and bear the embossed Apex Corporate Seal, can be mailed. There is no fee for electronic certifications issued to corporations or organizations, etc.

Notarizations

We will notarize the signature on the certification. All notarizations are prepared in US English by a North Carolina registered Notary Public and bears the notary's signature and seal. The notarization is part of the certification document.

Legal Matters

Confirmation of Notary

A confirmation of Notary can be issued, which certifies that the notary public is registered at the Register of Deeds of the local court and is in good standing. This document is a separate document to which the translation and the certification are attached. The Registrar of Deeds of the District Court of Washington County, North Carolina issues this document in US English.
